

# Roo\_Parse

---

## To Do

- Make sure correct date is parsed consistently
- Settle on a format for data
- Zip CSVs for emailing
- Finnish GUI
  - Add file browser instead of file path text box
  - Add fun images
  - Add help
  - Add about - info, contact etc
  - Add license and warnings etc
  - dark mode?

## Done

---

- Change format of date
- Merge summary dataframes by date
- Parse drops, fee adjustments and summery to pandas df
